Dear Gerry, 5/2/94

Thanks for your 4/26 and the enclosed Times story. I was not aware the Times had carried it. I had if from Calif. and in today's ~~mail~~ mail from New Zealand. Note that neither the AP nor the Times gave the comment any significance, as a second shooter.

As yet the complete Case Open has not been retyped. Much has been. Dave will also have a copy. The woman who is doing it has computer access two days a week only and has other work to do. She's a fine person and is doing as well as she can.

Glad to get the Times clipping. I had that story from the west coast and in today's mail from New Zealand. But neither the AP nor the Times gave the reader the point of it all. SNAFU.

As yet not a peep from Posner. Daily some favorable comment on the book.

Thanks and our best to you all,

Harold
